

**Why Choose Clear Silicone?**

If you are restoring a roof with skylights, HS-3220 Skylight Silicone Coating is the perfect product to have on hand. This translucent silicone is similar in consistency to our typical high solids silicones and is just as easily applied. Here are a some additional benefits of using HS 3220 on your next skylight project:

- Allows natural light into your building
- Offers a seamless, waterproof membrane to your skylight
- Resistant to weathering, aging, oxidation, wind-driven sand, rain and snow, the effects of ozone, ultraviolet radiation, and the temperature extremes typically found on roofs
- Easy to apply
- Can apply up to 40 mils in one coat
